## CAPABILITY STATEMENT

*Managing Beyond Objectives*

### CSIOS CORPORATION

An award-winning Maryland based veteran-owned and small disadvantaged business provider of **Cyberspace Operations (Defensive, Offensive, and Information Network Operations)** and **Cybersecurity services** certified and appraised under **ISO 9001:2015** (Quality Management System), **ISO/IEC 20000-1: 2018** (Information Technology Service Management System), **ISO 22301: 2019** (Business Continuity Management System), and **ISO/IEC 27001: 2022** (Information Security Management System) standards and **CMMI V2.0 Maturity Level 3 ratings for Development (CMMI-DEV) and Services (CMMI-SVC).**

### WHAT WE DO

CSIOS specializes in advancing the cyber missions of **Federal Cybersecurity Service Providers (CSSPs), Network Operation Centers (NOCs), Security Operating Centers (SOCs), and Cybersecurity Integrity Centers (CICs)** provisioning 24x7x365 cybersecurity services to protect and defend U.S. information systems and networks. Explicitly, CSIOS expertise centers in managing CSSPs, NOCs, SOC, and CICs' **24x7x365 day-to-day operations**, establishing **continuous improvement and optimization programs**, and conducting **pre-inspection site assistance visits, annual mock inspections, formal inspections, assessments, and audits.**

### WHY CSIOS

The **ONLY** cyber firm with Cyberspace Operations and Cybersecurity services certified under **quadruple ISO® standards.**

The **ONLY** cyber firm with a **Cyberspace Operations Division** appraised to operate under **CMMI-DEV® V2.0 and CMMI-SVC® V2.0 Maturity Level 3.**

**Certifications and Appraisals:** The attainment of **double CMMI® maturity models** and **quadruple ISO® standards** provides unmatched, clear, and tangible evidence of our ongoing pursuit of excellence for meeting all of our customers' expectations and delivering the highest quality cyber services.

**Cyber Awards:** CSIOS' cyber executives, strategists, offensive and defensive cyberspace operations teams, services, and solutions have all achieved recognition by national and international cyber award organizations. **Over the past 3 years**, CSIOS has won **more than 40 cyber awards** for **innovations and contributions to secure the cyberspace domain and the global cyber community.**
