

Educational  Foundation, Inc.

December 29, 2023

CSIOS Corporation  
451 Hungerford Dr.  
Suite 119-358  
Rockville, MD 20850

Dear Mr. Pie,

On behalf of the Montgomery County Public Schools Educational Foundation, Inc. and the students of Montgomery County Public Schools (MCPS), we are so pleased to partner with CSIOS Corporation to establish the “Cesar Pie Cyber Defender Scholarship Fund.”

Providing students with foundational instruction and opportunities to learn about careers is an important educational priority of MCPS. Furthermore, this educational priority aligns with the workforce development interests in Montgomery County and the state of Maryland for key industries in the state. By investing, cooperating, and collaborating with the largest school district in Maryland, you help MCPS with that educational priority while also addressing the diversity and talent shortages in critical fields such as cybersecurity.

Your commitment to gift the Fund \$250,000.00 to support an annually recurring \$10,000 scholarship will assist Montgomery County Public Schools (MCPS) make careers in the cybersecurity industry more accessible to underrepresented students across MCPS’ 211 schools.

Perhaps more so than ever, it takes a village to raise children. We are excited about our partnership and thankful for your commitment to our community. Once again, on behalf of the students of MCPS – the future cyber defenders – we thank you and wish you a very happy new year!

Kristen A. Wong Callisto, Ed.L.D.  
Executive Director
